**Description:**

**Review** I recommend this series to anyone I know who is studying a language. These are the best, simplest and most easily understood grammar books I have ever come across. They have helped me tremendously

Letter from a student

What a find! This book is well written, and has grammar rules laid out in a logical format. Unlike many other grammar books this text uses French-language examples alongside English phrases to demonstrate proper usage. I recommend it highly to any student of French
