#### Description:

Like its predecessor, the third edition of *Academic Writing for Graduate Students* explains understanding the intended audience, the purpose of the paper, and academic genres; includes the use of task-based methodology, analytic group discussion, and genre consciousness-raising; shows how to write summaries and critiques; features Language Focus sections that address linguistic elements as they affect the wider rhetorical objectives; and helps students position themselves as

junior scholars in their academic communities.

Among the many changes in the third edition:

- \*newer, longer, and more authentic texts and examples
- \*greater discipline variety in texts (added texts from hard sciences and engineering)
- \*more in-depth treatment of research articles
- \*greater emphasis on vocabulary issues
- \*revised flow-of-ideas section
- \*additional tasks that require students to do their own research
- \*more corpus-informed content
- \*binding that allows the book to lay flat when open.

The Commentary (teacher's notes and key) (978-0-472-03506-9) has been revised expanded.
