**Description:**

Written for students taking the principles of economics course. By presenting ideas clearly, at an accessible level, and in the context of newsworthy applications, *Economics Today* is also a valuable resource for professionals seeking a current, real-world introduction to economics.

***Economics Today* –Bringing the Real World to Your Students**

Students learn best when they see concepts applied to examples from their everyday lives. This new edition of *Economics Today* covers leading-edge issues while lowering barriers to student learning.

The text relentlessly pursues the fundamental objective of showing students how economics is front and center in *their* own lives while providing them with many ways to evaluate their understanding of key concepts covered in each chapter.

Each chapter begins and ends with an *Issues and Applications* feature, which introduces a timely issue in the chapter opener and analyzes the issue using the economic tools learned in that chapter at the end. This text is also available with MyEconLab<sup>®</sup>, which includes assessment questions that tie to these *Issues and Applications*, as well as ABC News video clips. With **MyEconLab**, students can continue working problems online and receive personalized tutorial resources. Visit MyEconLab for more information.

**Note:** If you are purchasing the standalone text (ISBN: 0132948907) or electronic version, MyEconLab does not come automatically packaged with the text.
