Description:

Cheng & Tsui's best-loved Chinese textbook series is new, revised, and better than ever! The third

edition of the Integrated Chinese workbook has been updated to meet the needs of today's students with a new, clearer, user-friendly design, updated vocabulary, more communicative tasks and open-ended exercises, and more authentic materials throughout. This workbook provides graduated individual practice for the four skills of listening, speaking, reading, and writing. For maximum teaching flexibility, each lesson is divided into two parts corresponding to the two sections of the lesson in the textbook. Recordings for listening exercises are available on the Integrated Chinese audio CDs. The third edition workbook includes many spoken and written exercises that simulate daily life with topics and themes that are relevant and personal to each student. Revised and new exercises reflect the language used in real life and build skills students need to communicate in today's rapidly changing world. The Integrated Chinese series is a two-year course that includes textbooks, workbooks, character workbooks, audio CDs, multi-media resources, and teacher resources. Student materials are available in both simplified and traditional character versions. With its emphasis on practicing a broad range of written and verbal communication skills and building cultural understanding, Integrated Chinese is ideally suited for students who want a comprehensive grounding in the Chinese language.
