Description:

A word building *and* body systems approach!

A unique, multimedia learning package—text, TermPlus 3.0, resources online at DavisPlus, and **The**

Medical Language Lab, a new, interactive, online experience for mastering the language of medicine—offers a true blend of words, art, and technology. The perfect length for any course, this full-color, illustrated text uses a body systems organization with an emphasis on word building.

You'll begin by learning the parts of words—roots, combining forms, suffixes, and prefixes. Then, use your understanding of word parts to learn medical terminology. Mnemonic devices and engaging, interactive activities make word-building fun and easy, ensuring you retain the information you need for success.

Online. Interactive. Progressive.

The Medical Language Lab is the new, interactive, online program that ensures your students master the language of medicine. Based on proven language methodology, it guides your students step by step from basic through advanced levels of proficiency to become confident medical language speakers.

A special code in the front of the book unlocks The MLL for you and your students. Use it with your current learning management system or with its integrated grade book. Customize it to meet the needs of your course.
