Description:

Written by expert researchers, educators, and professionals who collaboratively design standards and national certification exams for professional nurses, the *CNE Review Book* is the definitive guide for faculty pursuing the CNE credential. Based on the revised 2012 practice analysis, this book is an essential text for aspiring certified nurse educators and all nurse educators across the academic spectrum.

Each of the book's chapters addresses one of the eight competencies required for the practice of academic nursing education. Special features include:

- Sample test questions developed by the Certification Test Development Committee of the NLN Certification Commission
 - Extensive bibliography of the most current literature addressing each competency
 - How-to applications of content to the educator's practice.
