Description:

From Publishers Weekly At the start of this Swedish version of the station-house police procedural, set in the Skåne district in the south of Sweden, Det. Kurt Wallander, who has just returned from an idyllic vacation in Rome, joins the hunt for the missing Holger Eriksson, an elderly poet. Finding the man's corpse in a ditch, impaled on sharpened bamboo stakes, brings Wallander back abruptly to the realities of crime in modern Sweden. While Wallander and his colleagues investigate the murder, another man is found dead in the local woods, making it clear that they have a brutal serial killer on their hands. The killer plans each murder carefully to ensure that the victim suffers for several days before dying. Who could hate these innocent-seeming men so much as to

want to torture them to death? The police detectives must delve deeply into the victims' lives to find out what links them together and what might have made them a deadly enemy. Mankell takes the reader slowly and meticulously through the long investigation's progress, including frequent reversals. The policemen are constantly overworked and exhausted, but they make acute deductions and chase down every lead relentlessly. Mankell is a talented writer, and the translation by Steven Murray is graceful and colloquial, but the narrative is so bleak and brooding that it certainly qualifies as the darkest of Swedish noir. From Library Journal The fourth book in Mankell's excellent series opens with the bloody killings of four nuns and a Swedish tourist (the fifth woman) in Algeria, then switches to the carefully staged murder of a wealthy retired car dealer in Ystad, Sweden. Even as Inspector Kurt Wallander and his cohorts tirelessly work the car-dealer case, the perpetrator obsessively plots her next murder, dispatching the victim as if all her life were meant for this killing moment. Wallander somehow uncovers the ties that bind these apparently disparate events together. The intricate plotting, chilling psychological divination, and thrilling police procedural are all seamlessly translated. Fans of Maj Sjöwall and Per Wahlström's mysteries will enjoy this crime novel by their fellow countryman. Highly recommended.
