For more than 25 years, **The Wills Eye Manual** has been a best-selling source of authoritative guidance on treating ocular disorders in an office, emergency room, or hospital setting. The 7th Edition introduces exciting new changes to bring this pocket-sized reference thoroughly up to date – including extensive multimedia content – while retaining the features that have made it so useful in daily practice.

New to this edition:

- Recent major clinical trials data
- Expertly produced videos depicting a wide range of common procedures with step-by-step narration, carefully selected to complement key techniques
- Changing trends in trauma, oculoplastics, cornea, pediatrics, neuro-ophthalmology, uveitis, and more

Outstanding features you've come to expect from the Wills Eye Manual:

- The most accurate and current information on more than 200 ophthalmic conditions
- Effective clinical recommendations for evaluation, diagnosis, management, and treatment
- Concise outline format for portability and quick reference
- All chapters written and edited by the residents and attending ophthalmologists at one of busiest and largest eye hospitals in the country

It's everything you wanted to know and nothing more.

Now with the print edition, enjoy the bundled interactive eBook edition, which can be downloaded to your tablet and smartphone or accessed online and includes features like:

- **Complete content with enhanced navigation**
- **Powerful search tools and smart navigation cross-links** that pull results from content in the book, your notes, and even the web
- **Cross-linked pages, references, and more** for easy navigation
- **Highlighting tool** for easier reference of key content throughout the text
- Ability to **take and share notes** with friends and colleagues
- **Quick reference tabbing** to save your favorite content for future use
